PRACTICAL INFORMATION

Open e-ID Solutions 2009

How to create online trust with open source

Oslo/Stockholm, December 16th 2008

Dear Sir/Madam

Commfides Norge AS, PrimeKey Solutions AB and Sun Microsystems, together with our sponsors Utimaco Safeware, Novacard and SecMaker, cordially invite you to join us for a session of informative presentations focused on electronic identification (e-ID) and its use within the European Community.

Attendees will get insight into the status and use of e-ID together with the laws which regulate its use. Solutions will be presented by the leading authorities as well as private enterprises within open e-ID software.

Open e-ID Solutions 2009 is a two-day conference that will be the indispensable meeting point for managers of private enterprises, central and local government managers who are responsible for data security, technical managers of financial institutions responsible for developing enterprise security policies, PKI designers, technical managers overseeing security or anyone who is interested in securing sensitive information according.

Lunch will be provided free to all participants as well as an afternoon cocktail giving the opportunity to mingle with speakers, sponsors and other participants. The aim is to create a place of exchange and dialogue between the participants.

Together with this letter you will find the program for the two days.

Please sign up by going to www.e-id.no. **Seating is limited.**

We would be honoured to have you as our guest at this prestigious conference.

Konstantin Papaxanthis
CEO PrimeKey Solutions AB

Kjell Olav Skogen
CEO Commfides Norge AS

Lasse Andresen
CTO Software, CNE
